The Tech Woman and Work

Why We Need to Include More Women

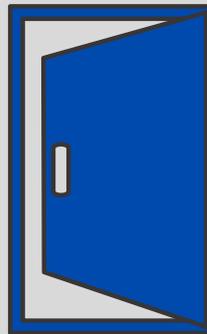

In the United States

% of female workers in entry level Tech positions

35% of STEM Bachelor's degrees are female

22% of the STEM workforce is female

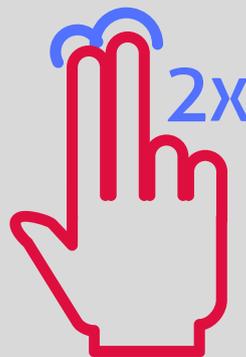

40% of women who earn an Engineering degree either leave the field or never enter it at all

In the U.K

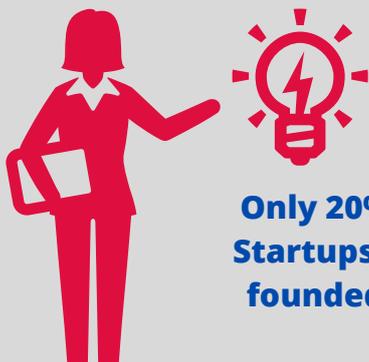

Women made up only 22% of the STEM Workforce (2018)

In Canada

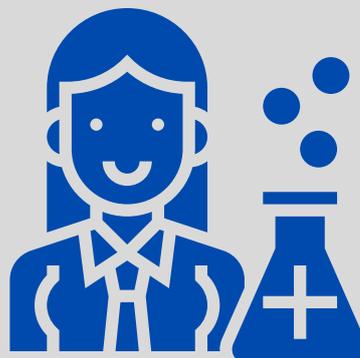

Among STEM bachelor's degree holders, men were almost twice as likely to work in STEM jobs as women (2016)

Globally

Only 20% of all Tech Startups globally are founded by women

Only 28% of the world's Researchers are women
